

Education

Timesaving, flexible RapidRun:

Audio/Video systems are playing a more prominent role in Classrooms, Boardrooms and Auditoriums than ever before. At the same time, technology keeps changing which can mean extra time and more cost for installations and upgrades.

That is why more schools and universities than ever are choosing the RapidRun cabling system! RapidRun is a two-time winner of the prestigious Mark of Excellence Award.

RapidRun's easy-to-upgrade format offers

significant time savings initial installation and makes upgrades quick and effortless. Time savings equals better return on investment.

One RapidRun customer with 8,000 classrooms to upgrade is seeing significant savings!

Before RapidRun
After RapidRun

2 hours per classroom*
30 minutes per classroom*

Huge Labor Savings & Rapid Return on Investment!

*This is an average of time savings based on a particular customer. Times may vary.
