

## TruLink® 4-Port USB 3.0 SuperSpeed Hub

Easily add four additional USB 3.0 ports for SuperSpeed USB 3.0

The USB 3.0 4-Port Hub is compliant with USB 3.0 specification while also being backward compatible with the USB 2.0 specification. The USB SuperSpeed Hub allows for easy connection of up to four USB 3.0 devices to your computer, such as MP3 players, digital cameras or hard drives. The streamlined, sleek and compact design is the perfect solution for USB port expansion. The removable aluminium base can be hard mounted to your desk. The hub easily slides from the base, and makes it convenient for travel as well.

### Features:

- Each USB 3.0 port transmits 480Mbps/5Gbps per the USB 2.0/3.0 specification
- Fully compatible with USB 3.0 specification, and backward compatible with USB 2.0
- Supports up to 127 devices
- Self-powered with optional power supply for full powered device needs
- Automatic self-power status monitoring
- Plug and play functionality
- One upstream and four downstream USB 3.0 ports
- CE and FCC approved
