

USB 2.0 Transfer Adapter Cable

Brilliant data transfer solution for PC and Mac users

This USB High Speed File Transfer Adapter Cable is the ultimate file and data sharing solution for PC and MAC® users. The Go! Suite utility software is already embedded on the High Speed USB File Transfer Adapter and will automatically load onto your system. Transfer email, music, photos, videos and document files from one computer to another, at speeds up to 480Mbps. Compatible with Windows® 2000, XP, Vista, 7, & MAC® operating systems, the High Speed USB File Transfer Adapter is ideal for transferring important files to a new computer and also allows you to quickly transfer music or video files to a friend's computer. No external power is required; supported by bus power from either USB port.

Features:

- Simple USB 2.0 plug and play functionality
- Bi-directional data transfer between two computers or different operating systems:
 - Laptops and desktops
 - Windows® and MAC® v10.4 or later operating system compatible
- Fast transfer rate of up to 480Mbps
- Two easy steps of operation - simply connect and transfer
- No file size or media capacity limitations such as those found with external media cards
- Free technical support and one year warranty
- Input: (1) USB Type A Male
- Output: (1) USB Type A Male
