

HIGH SPEED USB FILE TRANSFER ADAPTER - 39941/86000

Device Installation:

PC to PC (Windows 8)

Step 1: Plug one end of the High Speed USB File Transfer Adapter into a computer and the other end into a different computer. The GO! Suite splash screen should appear on both computers. If not, follow the on-screen instructions to initiate the AutoPlay.

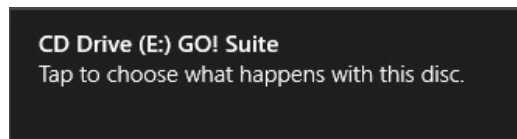

Step 2: Wait a few moments while the transfer cable automatically senses the connection between the two computers.

Step 3: The status on the Go! Suite interface will indicate "The other computer is connected." Select the Go! Bridge option from the menu.

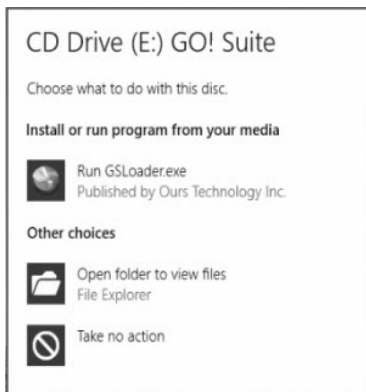

Step 4: The Go! Bridge contents menu will open to show the contents of the other computer.

Step 5: Drag and drop the files that will be transferred between the two computers.
